

## APPENDIX A: OASIS POOLS

OASIS Pools 1, 2, 3, and 4 contain multiple NAICS codes, while pools 5A, 5B, and 6 each contain a single unique NAICS code/exception. FAR 19.303(a) requires the Contracting Officer (OCO) to determine the appropriate NAICS code and related small business size standard and include them in all solicitations above the micro-purchase threshold. FAR 19.102(b)(1) requires that the NAICS code assigned describe the principal nature of the service being acquired. Task order solicitations under pools 1, 2, 3 or 4 should identify the NAICS code from the applicable pool that meets that criterion. Pools 5A, 5B, or 6 should be used if the NAICS code/exception designated for the applicable pool meets the “principal nature” criterion.

FPDS-NG is currently designed to accept only one NAICS code to be associated with a procurement action. For this reason, GSA designated a “primary” NAICS code for each of pools 1, 2, 3, and 4. The primary code in each of those pools is the NAICS code that GSA assigned to the FPDS-NG procurement action report for each of the IDV awards in the pool. When a task order award report is being prepared in FPDS-NG, the system will auto-populate this NAICS code in the action report. This is simply a limitation of the FPDS-NG system and has no bearing on individual task order NAICS code assignments.

Primary codes for each pool are:

Pool	Primary NAICS Code	Small Business Size Standard
1	541330	\$14 million
2	541219	\$19 million
3	541330 Exception A	\$35.5 million
4	541712	500 employees
5A	541712 Exception B	1,000 employees
5B	541712 Exception C	1,000 employees
6	541712 Exception A	1,500 employees

Tables of each NAICS Code Pool are below.
